

IMPORTANT **NEWS ABOUT YOUR NEIGHBORHOOD**

City of Farmington **Mayfield Street Tree Removals**

You are receiving this as a notice that a tree will be removed from the right-of-way of your property. Several tree removals along Mayfield Street are scheduled to occur in the near future. These removals are necessary for the reconstruction of Mayfield Street to be completed properly. The reasons for the removal of various trees are either due to poor health or the negative impacts they present for the road, sidewalk, and curb replacement.

Driveway access to all residences will be maintained during these removals.

Please keep children and pets away from the construction operation. Construction activities, and the associated equipment that goes with it, is attractive to small children and can be dangerous. Please keep children away from the equipment, removals, mass grading, underground utility installation, and wet concrete.

If you have any specific questions regarding the tree removals, such as scheduling, parking or access, please call **Mr. Chuck Eudy, DPW Superintendent, at (248) 473-7250, or Mr. Austin Downie, Engineer for OHM, at (734) 466-4437.**

Updated information will be handed out and attached to your front door as necessary.
