

IMPORTANT **NEWS ABOUT YOUR NEIGHBORHOOD**

City of Farmington Farmington Road Construction/Driveway Closure Notice

On **Wednesday, May 19, 2021** concrete reconstruction of the east side of Farmington Road will begin (weather depending). This will result in necessary driveway closures for these east side residences beginning on Wednesday as well. We kindly ask that residents park elsewhere on adjacent streets, or in the lighted parking lot of the Salem United Church of Christ at 33424 Oakland Street during this work. ***We anticipate these closures to last 10-14 days, though this is solely based on receiving passing concrete testing results which would confirm the concrete has cured and gained enough strength for allowable use.*** Northbound only traffic on Farmington Road will be constantly maintained between Oakland St and Shiawasse St.

If you have any special needs, please contact any of the numbers below to make arrangements.

Please keep children and pets away from the construction operation. Construction activities, and the associated equipment that goes with it, is attractive to small children and can be dangerous. Please keep children away from the equipment, removals, mass grading, and wet concrete.

If you have any specific questions regarding the road construction, such as scheduling, parking or access, please call **Mr. Mike McNutt, Construction Inspection for OHM, at (313) 516-4735, Mr. Austin Downie, Engineer for OHM, at (734) 466-4437, the Contractor, Hartwell Cement Co., Mr. Dan O'Malley (248) 789-4155, or the City of Farmington DPW at (248) 473-7250.**

Updated information will be handed out and attached to your front door as necessary.
